Southend Careline

"We Care - So You Don't Have to Worry"

Families worry about their parents and parents don't want to be a burden on their children. Anyone of any age who would like to feel safer, protected or independent in their own home would benefit from our service. We know how important this is to you.

We can offer a service to help reduce those fears and provide reassurance and peace of mind.

We can install a unit with a pendant to meet your specific needs. By pressing the pendant or the home alarm unit, you will be connected directly to our monitoring centre.

Our team of dedicated operators provide a constant service that is a fast, easy and reliable way to get help for you 24 hours a day, 7 days a week, 365 days a year. Even if you are unable to speak to us, we can still assess the situation and make sure you get the appropriate help. If necessary our operator will stay in touch and offer reassurance and advice until help arrives.

If interested please contact us at:

Telephone: 01702 236195

For all other general enquiries
